dynamic,
flexible and
versatile
spaces

Hello and **welcome.**

Sun and Shade design,
manufacture and instal
exciting outdoor shelters and
spaces. We are dedicated
to delivering excellent, good
value products.

Our innovative shelters have over the years borne the seeds of many exciting products including seating, play equipment, surfacing and soft landscaping.

From each canopy to the ground beneath, and all the fun things in-between, we offer a 'one stop' service for all your outdoor needs.

Here are some examples of the work we have carried out over the last few years, but should you have a specific project in mind, we will be happy to hear from you.

Two-level water play unit with river

Lidded Sandpit with crane

Printed windbreak

Affordable Bespoke

We aim to create dynamic, flexible and versatile spaces which are well-organised and can adapt to changing needs.

Our modular approach to construction allows us to deliver bespoke yet affordable spaces, producing a solid long-lasting 'framework' that enables each space to evolve.

60 seat Amphitheatre

We have learnt over the years that less-is-more when providing a vehicle for a child's developing imagination. At Sun and Shade our philosophy is to

take a non-prescriptive stance toward the designing of each unique space, allowing room for the development of children's imaginations.

Environmental Shelter with weather station and wind turbine

Amphitheatre with Ionic columns.

“

“The accommodation that Sun and Shade designed and built for us is much admired by parents, enjoyed by children and greatly valued by teachers. It looks great, it works in terms of design very well and is perfect for the all weather needs of our children's outdoor curriculum.”

Sun and Shade were inspirational to plan with, have an excellent team to deliver on construction and are very supportive in their after sales care”.

”

School, Swanage.*

We are passionate about solving problems

Although we are able to construct in steel, wood is our material of choice. It is a wonderful construction material. Strong and durable and inviting to the touch, with time and use it ages beautifully.

Made with care.

Sun & Shade's unique designs are manufactured and delivered in the most cost effective and environmentally acceptable way.

Play and Storage hut

Children's artwork printed onto canopy

Multi-textural surfacing

Printed panels and shelter

Lean-to shelter

Combining modern technology with traditional craftsmanship, we use only high-grade ethically sourced timber combined with stainless steel fixings to provide structures which will give many years of use.

All our timber has a 15 year guarantee against rot, fungal

decay and infestation, and is sourced from sustainable Forest Stewardship Council-certified forests,

Our mission is to deliver robust, well designed and long lasting products, minimising the total cost of ownership.

Based in the idyllic surroundings of rural Hampshire, we endeavour to maintain our reputation for the delivery of well-designed, robust and long lasting products that meet the requirements of each of our clients.

Working with amongst others, Councils, Landscape Designers, Architects, Visitor Attractions, Play Associations and Schools, our focus is on innovation and design, with a playful approach towards the creation of outdoor solutions that work.

We specialise in grounds development and by working in a supportive non-prescriptive style with each client, we enable the development of spaces that are appropriate to each unique site.

From every canopy to the surfacing beneath, and all the interesting things in between, we offer a complete turn-key service as well as being able to project managing your entire scheme.

We have chosen to preserve a scale of operation that allows for a hands-on approach with each of our clients and the formation of lasting relationships.

We are a 'one-stop shop' for all your outdoor needs.
